

Staphylococcus xylosus strain SNU1 - F5S3-2/1

Official microorganism record

Generated: 23/09/2026, 20:31:43

Field	Value
Id	9f4bb33b-944d-48e8-a41e-e457a85712f2
Created By	-
Created At	2026-09-23T16:02:23.144136+00:00
Updated At	2026-09-23T17:27:49.783594+00:00
Taxonomic Information - Genus	Staphylococcus
Taxonomic Information - Species	xylosus strain SNU1
Taxonomic Information - Jkuat Number	JKUATB1
Taxonomic Information - Strain Number	F5S3-2/1
Taxonomic Information - Is Type Strain	No
Taxonomic Information - Scientific Name	Staphylococcus xylosus strain SNU1
Taxonomic Information - Catalogue Number	1
Taxonomic Information - Type Of Organism	Bacteria
Taxonomic Information - Ncbi 16s Accession Number	PX381464
Details Of Isolation - Town	Juja
Details Of Isolation - County	Kiambu
Details Of Isolation - Country	Kenya
Details Of Isolation - Village	Kalimoni
Details Of Isolation - Isolated By	B. Kavesu
Details Of Isolation - Isolation Date	2025
Details Of Isolation - Gps Coordinates	1° 07' 08" S , 37° 02' 03.1" E
Details Of Isolation - Source Of Isolation	Goat milk

Field	Value
Pathogenicity Information - Is Pathogenic	Yes
Pathogenicity Information - Biohazard Group	2
Pathogenicity Information - Pathogenic To Human	No
Pathogenicity Information - Pathogenic To Plant	No
Pathogenicity Information - Pathogenic To Animal	Yes
Availability Information - Is Available	Yes
Availability Information - Form Of Supply	
Availability Information - Pi Organization Name	Julia/Zoology
Availability Information - Received From Other Pi	No
Cbd Information - Pic Taken	No
Growth Related Information - Ph Range	v
Growth Related Information - Growth Medium Name	Nutrient Agar
Growth Related Information - Medium Composition	(Beef extract =1.0 g, Peptone =10.0 g, NaCl= 75.0 g, Mannitol =10.0 g, Phenol red= 0.025 g, Agar= 15.0 g, Distilled water =1,000 ml).
Growth Related Information - Oxygen Requirement	Aerobic
Growth Related Information - Isolation Medium Name	Mannitol Salt Agar
Preservation Information - Active Form	No
Preservation Information - Mineral Oil	No
Preservation Information - At 4 Celsius	No
Preservation Information - Lyophilization	No
Preservation Information - Preservation In Ln2	No
Identification Information - Identified By	Unknown
Depositor Information - Depositor Name	Unknown
